Dear Mr. Jensen:

RE: Resource Recovery Certification RR--235/Classification--U

This letter is to inform you that the department has completed the review of your certified resource recovery facility application form. After a review of your application form and the supporting documents, the department is pleased to inform you that Dayco Corporation--Springfield Plant has been certified for resource recovery contingent upon the following conditions:

1. The operator shall comply with 10 CSR 25-9.010 and all plans and processes described in the certified resource recovery application.
2. The operator shall burn only those wastes listed in the application and in the amounts specified.
3. The amount of waste oil stored may not exceed the amount of wastes that will be burned in the furnace over the period of one year.
4. The quarterly reports as required by 10 CSR 25-9.010(1)(D)2. shall indicate both the amount of waste oil stored at the facility at the time of reporting and the amount of waste oil burned in the reporting period.

If you have any questions regarding compliance with your certification, please contact Ms. Jan Skouby at 314-751-3176.

Sincerely,

DIVISION OF ENVIRONMENTAL QUALITY
